

CAPABILITIES STATEMENT

CORE COMPETENCIES

Founded in June of 2019, Wonder Spray, LLC has become a major distributor of HOCL-based disinfectants and sanitizers. Wonder Spray precisely mimics the HOCL produced inside the human body.

- The founder, Dr. John Burd, has authored over 40 publications and holds 35 patents.
- He graduated from Purdue University with a B.S. in Biochemistry, and earned an M.S. and Ph.D., in Biochemistry from the University of Wisconsin.
- In 2010, Dr. Burd was inducted into the American Association of Clinical Chemistry Hall of Fame and received the Ultimate Prize for Innovation in Clinical Chemistry.

PAST PERFORMANCE

- Since its launch in June of 2019, Wonder Spray, LLC has built an online direct-to-consumer sales pipeline that has contributed to its consistently increasing sales year over year through its website.
- Sales continues to exceed expectations as Wonder Spray LLC has added sales relationships with Amazon.com and Walmart.com.

DIFFERENTIATORS

- Wonder Spray LLC leases a warehouse to ensure direct order fulfillment.
- Besides procurement-ready to do business with federal agencies, Wonder Spray LLC is EDI compliant, making it ready to work directly with federal exchange retail and eCommerce customers.
- In March of 2021, Wonder Spray was added to the Environmental Protection Agencies List N; the list that identifies disinfectants that are 99% effective for use against SARS-CoV-2 (COVID-19).
- Dr. Burd's Wonder Spray is made up of salt, water, and vinegar to create Hypochlorous Acid, the active ingredient that makes Dr. Burd's Wonder Spray a super effective multi-purpose disinfectant.
- As versatile and safe a product as Dr. Burd's Wonder Spray is, it can also be used for basic Wound Care needs like cuts and burns and when replacing bandages, and for basic Skin Care needs like blemishes, and acne; to name a few.
